whose religious teachings are opposed to such tests or inoculations. The district may request verification from the religious leader to confirm exemption.

- 8. Personal or philosophical exemptions to immunization will not be accepted.
- 9. Non-immunized students, including those with religious, medical, or other statutory exemption, may be excluded from attending school during an outbreak of a vaccine-preventable disease. State and/or local health department officials shall determine the duration of exclusion from school. Vaccine-preventable diseases may include, but are not limited to, the following diseases: Diphtheria, Tetanus, Pertussis, Poliomyelitis, Measles, Mumps, Rubella, Hepatitis B, Varicella and Streptococus.
- 10. Students will be excluded from school attendance if they do not comply with the above specifications of Kansas Statute 72-5209.

Adopted: 7-22-91

Revised: 6-02-2008, 11-03-2008, 5-4-2009, 12-5-2011

Reaffirmed: 7-19-99, 7-17-2000, 7-2-2001, 7-15-2002, 7-07-2003, 12-01-2003
